CORVALLIS, OREGON, USA35TH INTERNATIONAL SYMPOSIUM ON MICROSCALE SEPARATIONS AND BIOANALYSIS[Home](#)[Program](#)[Registration](#)[About MSB](#)[Sponsoring](#)

Welcome to MSB 2019 !

Join us on March 25-28, 2019 for the 35th International Symposium on Microscale Separations and Bioanalysis (MSB 2019) at [Oregon State University](#) in Corvallis Oregon. Corvallis is a beautiful college town in the heart of the Willamette Valley just one hour's drive from the Pacific coast in northwestern USA.

MSB 2019 promises an intimate meeting format to discuss cutting-edge research at the frontiers of separation science, ranging from fundamental theory/method/technology development to applications that impact health, medicine, food, the environment and beyond.

MSB 2019 centers on science and people by creating an interactive, yet confidential, ambience that ensures dynamic exchange between delegates. The appealing symposium format includes:

- A program based on over 70% submitted abstracts;
- A double-blind peer review process ensuring cutting-edge science regardless of speaker reputation/ seniority;
- Oral presentations with 1/3 of the time dedicated to active discussion;
- Topic sessions chaired by leading researchers;
- A young-investigator session with rising stars in microscale separations;
- poster sessions from which 3-minute talks are selected;
- Student awards for best poster and oral presentations.
- Science Café lunch seminars by vendors presenting advances and applications in commercial separation technology;
- One registration fee that includes lunches, opening and closing receptions, a surprise off-site activity and the official symposium dinner;
- A scenic venue surrounded by historic National Parks, the majestic Cascade Mountains and a spectacular Pacific Coast.

MSB 2019 will feature stimulating pre-conference workshops, distinguished plenary speakers dedicated to scientific advancement and discovery and a parallel program of diverse topics in Microscale Separations and Bioanalysis.

Key Dates :

Symposium	March 25-28, 2019
Abstract Submission Opens	August 1, 2018
Early Bird Registration Opens	August 1, 2018
Notification of Acceptance	December 15, 2018
